

# St. Albert Gazette

Vol. 5, No. 27

EDMONTON, ALBERTA, WEDNESDAY, JULY 2, 1952

**SPORTS FROM SEA TO SEA** — All across Canada, sports-minded vacation planners are casting a speculative eye to the future, because summer time is outdoor sports time. Plans are already in high gear at the Canadian Pacific's coast to coast string of hotels and summer resorts which offer the ultimate in fishing, swimming and boating in fresh-water or salt, golfing on some of the country's most renowned fairways, and many other forms of recreation. This beautiful water-hole at

Digby Pines in Nova Scotia (top left), is a challenge to par-buster and novice alike. Following clockwise is a view of swimming at Banff Springs Hotel in Alberta, where water-sports are enjoyed against a mountain backdrop. Always a zealous game, tennis is really exhilarating in the crisp mountain air of the Canadian Rockies at Banff and Lake Louise. Although found right across Canada, trout in the Rockies will prove a stern test for the angler, as well as a proud trophy, as the beautiful fisherman seems to be telling the Mountie.

## Shower Held For Janet Harrold

ST. ALBERT — Miscellaneous gifts from about 50 guests were arranged in a decorated basket and presented to Miss Janet Harrold, a bride-elect of July 2, at a shower Tuesday evening, when the Happyette Club entertained at Naman hall. Mrs. Roy Davis presented the guest of honor with the gifts on behalf of everyone. They were brought in by Miss Bud Crozier and Mrs. Chester Crozier. The bride-elect's three sisters, Barbara, Ellen and Alice, assisted her in opening the presents.

Mr. and Mrs. Bud Crozier went on a fishing trip to Baptiste Lake Saturday, June 14. Mr. and Mrs. Albert Paul left for Banff at 4 a.m. Friday and arrived at 9 a.m. They came back on Tuesday.

Mrs. Lawrence Iske was hostess at her home, when a "Stanley Tea" was held Wednesday evening, June 18. Mrs. Johnson, formerly of the Penn mine, was demonstrator, with about fifteen ladies present.

Grades 7, 8 and 9 went by bus to Queen Elizabeth Park for the annual school-closing picnic on Friday, June 26. Mrs. Johnson, formerly of the Penn mine, was demonstrator, with about fifteen ladies present. One room went to Sunnyside Beach Thursday, June 26. The pupils of Grades 4 and 5 are to go by bus to St. Albert to visit the Father Lacombe Memorial and then on at her home.

## NOTICE REPORTERS

Owing to July 1 holiday, it has not been possible to get all the news which you may have sent in into the papers. However, any news omitted this week, will be published next week.

—EDITOR.

to Barden Park to lunch and a swim.

Mrs. Jack McEay is home after a month's holiday in the States. Mrs. Keith Gibson, Karen, and John, spent the past week at Seba Beach. Doreen, Gail and Gary Gibson have been staying at Bellvue cottage also.

## Bride-Elect Honored

ST. ALBERT — About 55 guests assembled in the Parish Hall to honor Miss Doris Leclair, bride-elect of July 10th, at a miscellaneous shower. Tiny Lenny Roberts, dressed as a little farmer, accompanied by little Therese Lafleur, as a telephone operator No. 2, pulled a miniature hayrack filled with lovely gifts for the guest of honor.

The hostesses were Mrs. A. Labelle, Mrs. J. Roberts and Mrs. G. Lafleur. Doris was very happy and thanked everyone. She invited one and all to the reception Lacombe Memorial and then on at her home.

## Lions, Lionesses Honor Couple

ST. ALBERT — The Lions had their regular meeting and banquet at Club Morocmo. After a very lovely banquet the meeting was well on the way when the Lionesses came in and joined their husbands for a surprise party in honor of Constable Riley and Mrs. K. Riley who had just recently returned from their honeymoon. That evening, Mrs. Riley was entertained by Mrs. W. Veness, the mayor's wife.

Constable Riley was presented with a lovely desk set, and Mrs. K. Riley with a beautiful tea set. Dr. W. D. Cuta was master of ceremonies. Everyone enjoyed the rest of the evening singing and dancing. Constable Riley and Mrs. Riley were very grateful and thanked everyone.

## St. Albert News Briefs

The Boy Scouts of St. Albert honored their Scoutmaster, Constable Riley, at a wienner roast, and presented Constable Riley and Mrs. Riley with a carving set. A lightning bolt, Sunday at 8 o'clock in the evening, stunned and shocked many residents by splitting a large tree in the lane running back of Bore's and Girard's residence.

Mrs. R. C. Bonneville left for Ojls, where she will attend a four-day course in Sewing and Leaders' Course.

Mrs. Kennedy and Mrs. Ted Alderman will also attend the Leaders' Course.

## SOETAERT WINS LIBERAL NOMINATION

MORINVILLE — At a well-attended meeting held in the Community Hall on Wednesday, June 25, Arthur Soetaert was elected Liberal candidate in the St. Albert constituency for the coming provincial election.

Mr. Soetaert, who was born and brought up on a farm in this constituency, farmed until 1946, is now an implement dealer and the present mayor of Morinville.

Also, running for nomination was John Baert of Legal.

Paul Hogue of Morinville ably directed the meeting.

Guest speakers were Jack Carignan, president of the Alberta Liberal Association, and Harper Prowse, M.L.A. for Edmonton.

Mr. Carignan outlined the achievements of the Liberal party when it was in power in Alberta from 1905 to 1921, when taxes were at a low ebb.

Mr. Prowse spoke about the Liberal party's views regarding the oil industry — "that farmers should have 2 1/2% royalties on oil on their land." He also spoke of obtaining more extensive rural electrification through the help of subsidies and on keeping the natural gas in the province to lure big industry here.

Mr. Soetaert thanked the audience for having given him the opportunity of representing them at the polls as their Liberal candidate and asked for their full support.

## Busby News Briefs

Several Busby families were Edmonton visitors for the occasion of Mr. and Mrs. A. Spencer's 25th wedding anniversary.

Mr. F. Krause, grades 5 and 6 teacher, for the past school year, has left for B.C. His pupils, with the help of the Home and School, presented him with the gift of a pen.

Mrs. K. Williams and children were guests at the home of her parents, Mr. and Mrs. E. Green. Mr. and Mrs. M. Ramsath are now living in Busby, occupying the old residence of Mr. and Mrs. S. Munro.

Mr. and Mrs. R. Legault and Donnie have left for a two month holiday, to visit friends and relatives in Vancouver and Eastern Canada.

Mr. and Mrs. W. Oldenburg and family and Mr. and Mrs. E. Oldenburg, spent the weekend at Leddie, attending the wedding of Mr. Oldenburg's youngest brother.

Mr. and Mrs. J. Elliott and Allan, of Donnelly, made a short visit here for the week back home from a trip to the United States.

A very large crowd of friends and neighbors gathered at the Busby United Church for the funeral of little Phyllis Dehnke, who passed away very suddenly while staying at the home of her grandparents, Mr. and Mrs. Dehnke of Okanagan Centre. Gordon, John and family motored up for the funeral. Howard and McBride were in charge of the funeral arrangements. Rev. I. James officiated.

The Busby United Church will be closed for the month of July. Rev. I. James is taking her holidays and has left for her home in Toronto.

192 eggs, or 13 and a half dozen, were laid by the average Canadian hen of over 70 months in 1951.

## Canada's Achievements

By N. J. W. ARCHER

VILNA — At present Canada is in a position of great strength with respect to production of the necessities of peace and war. She now produces 90 per cent of the free world's nickel and an important share of the zinc, copper, aluminum and other metals.

Three out of every five newspaper pages printed in the world today will be printed on Canadian newsprint paper, of which Canada produces about half the world's supply.

A substantial part of North America's natural gas and crude oil comes from the Alberta oil fields.

A large part of the western world's supply of uranium for use in atomic engines and bombs and for heating and generation of electricity, is supplied by Canada.

Almost the whole world's production of asbestos comes from Canada.

Canada has the world's second largest export wheat crop which eventually finds its way to the bakers in 71 countries.

In Northwestern Ontario a lake 150 feet deep is being drained and when empty 70 million tons of clay and gravel will be dredged out in order to make possible the mining of iron ore to feed the steel mills.

Two of Canada's greatest development stories are the iron ore development in Ungava and the aluminum plant power development, Kitimat, B.C., which will power the new aluminum plant to be erected there. More details on these next week.

Canada is a wonderful country and it is a free country. Help to keep it free by doing your duty as August 5 by voting in the provincial election. Vote any way you wish, but be a real Canadian citizen and vote. See also that name is on the voter's list and those of your family and friends, then see that they get out to the polls.

PROF. FRED L. PRECHT, director of the Concordia Seminary Lutheran Hour Chorus of Springfield, Ill., has studied with many of America's musical masters in the nation's most famous universities. He will direct the chorus in a concert in Bethlehem Lutheran Church on Saturday, June 14 at 8 p.m. The program will include many of the world's most famous sacred works.

## EDITORIALS

### Farmers Pay Up

The federal government has loaned farmers \$225 million under the Farm Improvement Act 1945. D. M. McRae, administrator of the act, reported to parliament last week that at the end of 1951 the loss incurred was \$26,229 or 1/100 of 1 per cent.

Under the act farmers could borrow money from the banks for the purchase of land, farm machinery, livestock, erection and repair of farm buildings, etc. The government gave a guarantee to the banks against loss to the extent of 10 per cent.

Claims on the government by the banks because of non-payment of loans declined to \$6,499 in 1951, down from \$9,466 in 1950 and \$10,264 in 1949.

Loans in 1951 by provinces were:	
B.C.	\$ 2,007,000
Alberta	23,240,000
Sask.	27,876,000
Manitoba	11,370,000
Ontario	12,178,000
Quebec	\$ 6,125,000
N. Bruns.	696,000
Nova Scotia	619,000
P. E. I.	1,144,000
Nfld.	2,412

A substantial proportion of the loans are made to farmers to buy farm implements, the total in 1951 being \$78 million to finance the purchase of \$137 million worth of machinery and trucks. Farm implement manufacturers and distributors are thus relieved of the cost of credit sales and any losses entailed thereby. In this way the cost of manufacturing and distributing farm machinery is considerably reduced.

### Lucky Smoky Lake

(From the Edmonton Journal)

Glancing through the new Oxford Canadian Atlas, we notice that the town of Smoky Lake, fifty-five miles northeast of Edmonton, receives special mention in the gazetteer. It is intriguing to wonder whether this "honor" will make it better known and thus affect its future.

The special mention is purely an accident of the geographer's art. The main gazetteer has ninety-six pages and must list some 60,000 names, but by chance Smoky Lake happens to be the first name listed on page eighty; so for convenience of users it is shown in large type at the top, along with the last name listed on the page, as is customary in an atlas, dictionary or encyclopedia. It is interesting to note that only one other Canadian name—Rice Lake, Ontario—is equally favored by chance.

Of course, this is all quite accidental. It is probable that Smoky Lake will be favored in the future by the labors of its inhabitants and by its geographical location in this booming oil province, not by its position in the gazetteer.

### Why Advertise?

When Mark Twain was editor of a Western newspaper, a superstitious subscriber found a spider in his paper and wrote the editor to ask if that was a sign of good or bad luck.

With his usual needle-witted appreciation of the situation, the humorist answered in the following vein:

"Old Subscriber: Finding a spider in your paper was neither good nor bad luck for you. The spider was merely looking over our paper to see which merchant is not advertising, so that he can go to that store, spin his web across the door, and live a life of undisturbed peace ever afterwards."

—May Teresa Holder.

### Baby Mix-Ups Prevented

To prevent giving a mother the wrong baby at a maternity hospital, a new device, invented by Jewett E. Popma, of Portland, Oregon, is now available which will photograph the palm print of a new born baby and the finger prints of the mother.

One of the special features of this invention is a mechanism which will prevent the photo from being taken except when both the mother and child are pressing exactly right on the glass plate. Too much or too little pressure can make the fingerprints worthless.

If this invention will record only perfect prints, it will thereby make hospital slips virtually impossible. Of course, the old-time system of having babies in the home was almost foolproof, too!

## Provincial Election Issues

Premier Manning has named the day, August 5th those Albertans who aren't on their annual vacations will be trooping to the polls to elect another government.

We don't think the issues of this election should revolve around whether or not gas export should have been permitted. That question is largely a technical matter and not one of political policy. If the gas is available for export it should be exported. If not, it should be kept right here.

The voters will be conscious of the need for natural gas service in the towns and villages of Alberta. Any Government that will use gas and oil royalties to subsidize the building of gas lines to Alberta rural points should find favour with the townspeople.

Farmers of Alberta want rural electrification. This can be done if the Government will subsidize the building of rural lines. The power itself can still be sold through private companies.

Motorists and truckers (and that includes just about all of us) would like to see a definite program of good roads. They don't have to be paved or hard topped. Most Albertans would like to see a travelling program put into effect that would save them the heavy upkeep costs of running vehicles on such poor roads as are our main highways.

The next government should announce a definite program to extend telephone service throughout the province. Service given by the Alberta Government Telephones is as much in need of extension and improvement as any government service we can think of.

These, we believe, to be the issues that should be decided at the Aug. 5 election. These are the points of most vital interest to every Alberta voter. We wonder if any political party will take the opportunity of espousing these issues.

## Price Support

The federal government pays about \$18 million a year to assist in maintaining the operation of Canadian gold mines, but the basic industry of agriculture has received only \$10 million dollars of federal funds to support the price of farm products over a period of five years, or \$2 million a year.

This fact was pointed out to the federal standing committee on finances by Dr. E. C. Hope, economist for the Canadian Federation of Agriculture.

Dr. Hope said that the gold mining industry probably employs not more than 23,000 workers. On the other hand, there are one million workers in the agricultural industry.

## Repentance — And Its Possibilities

DOES A MAN EVER GET TO THE PLACE where he cannot repent of his sins?

Yes, he does. The most dangerous liar in the world is the man who lies to himself. His fate is that he believes his own lies at last. There are people who cannot repent of their sins for the simple reason that they do not believe they are sinners. They cannot repent of sins which they do not believe they have committed. There are still others who cannot repent of their sins because they have so allowed their sins to overwhelm them that their will power is destroyed.

REPENTANCE IS A GIFT OF GOD just as salvation is a gift of God. Anybody can have repentance who wants to have it, but there actually are many people who do not want to repent. Accordingly, they cannot receive the spiritual gift of repentance. They will not forgive somebody they hate, or they will not restore something they have wickedly appropriated. There are others who are willing to do anything save give up some vice. To live without this indulgence would be unthinkable.

THESE CANNOT RECEIVE THE GIFT of salvation because they cannot repent from God the prerequisite, namely, the power to repent. But they can have this power if they want it. To say that they cannot repent means that they do not want to repent.

## TV FAR BEYOND HORIZON FOR CALGARY, EDMONTON

From the Calgary Albertan  
OTTAWA—Calgary isn't going to get its own television for many years to come.

And the same applies to Edmonton.

The reason? Alberta is not included in the "next stage" of the Canadian Broadcasting Corporation's television development program. In fact there have been no plans made yet for Alberta.

Chances of any plans being made for TV in Alberta are dim, because the "next stage" includes seven major Canadian cities outside Alberta and it will take some years before they are serviced.

CBC chairman A. D. Duntion told The Albertan this while commenting on his recent statement that Ottawa and Quebec City would be the next two Canadian cities to get TV. He said he was misquoted.

"Recent newspaper reports suggested that Ottawa and Quebec City only would be in the next stage of our TV development. This is not true as there will be seven cities in all in the next stage."

The CBC hopes to start on the "next stage" of its TV program after the Montreal and Toronto TV stations are in operation. This should be sometime this Summer.

"Quebec City and Ottawa are only two of the seven cities to get TV next," he said. "The others will be Vancouver, Winnipeg, London, Hamilton and Windsor."

"And when we do start on them, they will all be built at the same time," he said.

"These are only our plans, which I might say were made public some time ago, but which have seemingly been misunderstood," Mr. Duntion added.

"But we can do nothing about these plans as yet since we have had neither authorization nor financial aid from Parliament for them which is necessary," he said.

As yet Edmonton and Calgary, these two Alberta cities not included in the seven-city "next stage" CBC television development program.

Mr. Duntion could not say when they would get TV but said it was a safe bet they would not get TV until after the other seven cities had it. That should not be for two or three years.

Regina, Saskatoon and Victoria will also have to do without TV for some time, as well as the whole of the Maritime provinces. One TV station costs anywhere from one million dollars to three and a quarter millions. The cost varies with the locality.

## Voice of the People

### CHIMPAN FRIENDS

Just to let you know we always read and enjoy your paper very much.

MRS. JACK BAIDAK  
Chimpan, Alta.

### GLAD YOU LIKE US

I have read only a few issues of your paper but want to say that it is by far the most interesting newspaper I have ever seen. It is precise, concise and convincing.

Glendon, Alta.

### SECOND DAILY COMICAL

I know of nothing more comical than your report that a Toronto paper might be starting a second one in Edmonton. There is no faster way to lose money than trying to operate newspapers far distant from home. Anyway, the Journal has got the wire services and features such as comic strips and tied up. "Nurs" is not the only city where the monopoly paper has features and news barred from allowing an opposition to develop.

Free Press? Free Enterprise? Pouch, Pouch! T.B.M.

Toronto, Ont.

### DOWN ON HOLLYWOOD

We like your paper and editorials but why do you print those pictures of scantily clad Hollywood actresses?

In Leviticus God says seventeen times not to uncover nakedness. Here is one of those seventeen statements: "Thou shalt not uncover the nakedness of a woman and her daughter" (v. 17). None out there who despise the Scripture would dare violate those clear commands. God gave the provision of clothing to protect the human race from excessive sin and immorality. All normal people know that an uncovered woman, or a partially uncovered man, excites the male passion. All nudists and all immodestly dressed women contribute to the sin of men and help foster that state of society where man's eyes are full of adulterers and "we cannot cease from sin" (II Peter 2:14). Under present conditions, it is difficult indeed for normal men to keep their minds pure and refrain from the lust-filled look that our Saviour said is "committing adultery in the heart" (Matt. 5:28).

### HOW TO SLEEP

A recent Voicer who signed himself Sleepless Guy said: "doctor's pills hadn't done him any good and wondered how he could get a night's rest. Here's the answer: The reason you can't sleep is that your mind is full of thoughts and your muscles are full of tension. The cure is relaxation. When you lie down in bed just let the muscles all over your body loosen up, for about 15 minutes. Don't think of anything else. With practice, it always works."

Every night, before you go to bed, drink a glass of warm milk, with flavoring if desired. Keep doing this — it probably won't work the first night. SWISS

Go to your corner tavern, get yourself a quart of beer, and go home and pour yourself a glass — never more than two. If you don't fall asleep I'll pay for the suds. ANGELO RIVERA

Read the 23rd Psalm in the Bible before going to bed.

MRS. P.C.

I used to have the same trouble. Now I fall asleep within 15 minutes, merely by reading factual detective stories, the kind based on actual police records. By the time I read one story through, concentrating on all the names, dates and places, I'm almost too drowsy to turn off the light.

D.A.

Take two large slices of onion, make a sandwich, chew it well and slowly, and afterward drink some water, tea or milk. Go to bed, say a prayer to get your mind off yourself and your worries, and you're asleep. SANDMAN

### PREMIUM CASH

For years Americans have been proud of their money being worth more than ours. Now, why don't they realize the situation is reversed and the Canadian dollar is worth more than the U.S.? When I went to the States recently I carried mostly American money, but had one \$2.00 Canadian bill. Nobody would accept it! Why don't the Americans admit it when they're licked?

P.M. G.C.M.

## THE LIGHTER SIDE

### Poor Judge

A stern hatchet-faced woman entered the office and demanded to see the chief. "Is she good-looking?" the boss asked the office boy.

"Yes, sir—beautiful."  
"Then show her up."

After the woman's departure the boss sent for the office boy. "You're a nice judge of beauty," he said, triflingly.

"Well, sir," apologized the boy. "I thought she might be your wife."  
"She is!" snapped the boss.

### No Parade

A film star, who began her film career in 1914 and had won fame on the stage before that, was inviting some friends to her birthday party recently.

"Will there be a birthday cake?" asked one friend.

"Certainly," replied the actress. "And will there be candles on it?" asked the friend.

"She looked at the woman coldly. "This is to be a birthday party," she announced. "not a torchlight procession."

### Making Sure

Quizzing a bunch of rookies, the sergeant asked, "Johnson, when you clean a rifle, what's the first thing you do?"

"Look at the number," the private answered promptly.

"Now what on earth has that got to do with anything?" demanded the sergeant.

"Just want to make sure," explained Johnson, "that I'm cleaning my own gun."

### Don't Spoil 'Em

Joe, thirteen years old, was puzzled over the girl problem, and asked it over with his pal, Willie. "I've walked to school with her three times," he told Willie "and carried her books. I bought her ice cream soda twice. Now do you think I ought to kiss her?"

"Now, you don't need to," Willie decided after thinking a moment. "You've done enough for that gal already."

### Reminder

"What's that piece of string tied around your finger for, Bill?"

"That's a knot. Forget-me-not is a flower. With flour you make bread, and with bread you have cheese. This is to remind me to buy some pickled onions."

### Take Your Time

At last he had screwed up his courage to kiss her, and they both liked it. So he did it again—and again.

After about an hour of it he whispered fondly:

"Every time I kiss you I feel a better man, darling."

"Oh, well," she said coolly, "you don't have to reach perfection in one night."

### Watch Your Timing

A judge in remanding a criminal called him a scoundrel. The prisoner replied:

"I am not as big a scoundrel as your honor—" bare the culprit stopped but finally added—"takes me to be."

## Red Cross Camp Again At Jasper

Red Cross officials have announced that for the third year the Junior Red Cross Leadership Training Centre will be held at Lake Edith, Jasper, from Aug. 21 to 30.

The camp provides an opportunity for specially chosen students from the western provinces and the U.S. to attend and study history and philosophy of the Red Cross; senior Red Cross peace-time services; local, provincial and international projects; swimming and water safety instruction; and hear guest speakers as well as take part in many activities.

In addition the camp develops a group of student-leaders with a knowledge and understanding of the Junior Red Cross.

Those wishing information on the Centre may contact the Junior Red Cross Director, 1594 1st St. E., Calgary.

## Wheat Pool Contest Winners Announced

Names of the 25 farm boys and girls who the Alberta Wheat Pool will sponsor at Farm Young People's Week being held at the University of Alberta in Edmonton from June 10 to 18 are as follows:

Jack Gracey, Mansherries; Edward Gilechrist, New Davton; Kenneth Owens, Marrath; Bill Green, Kipp; Lyle E. Olsen, Whittla; Gordon E. Clayton B. Markel, Crook; Wallace, Nanton; Donald Thomas, Indus; Allen Watson, Aldrie; Kenneth W. Auld, Brant; Bertal E. Anderson, Buffalo; Elizabeth Vekasi, Brooks; Gabriel Corbelli, Gleichen; Lloyd L. Halstead, Carbon; Clayton B. Markel, Crook; Robert G. Caswell, Sibbald; James E. Paetz, Big Stone P.O., Youngstown; Neil Webber, Endiang; William G. Day, Red Deer; Roy Richardson, Leslieville; George M. Adams, Veteran; Betty Lou Sienn, Fleet; Donald MacKenzie, Selkirk; George E. Awe, Red

## Farm Women's Week

If you plan to attend Farm Women's Week at one of the Schools of Agriculture this year, now is the time to make application. Farm Women's Week will be held at all three schools—Fairview, July 7 to 10; Vermilion, July 14 to 17; Olds, July 21 to 24.

Many of your neighbors might also be interested in this event, and by early application you might arrange accommodation together. In any case there will be no shortage of good company. There's nothing like the broadening effect of meeting people from other places and learning about the things in which they are interested. There are many things of value to be obtained by attending Farm Women's Week—relaxation and recreation, increased knowledge as a result of the lectures and demonstrations presented, enjoyable social gatherings, and an opportunity to meet old friends and make new ones.

Full particulars of Farm Women's Week can be obtained from your District Home Economist or from the Principal of the nearest School of Agriculture at Fairview, Olds, or Vermilion.

## Job Opportunities

Young men twenty years and over have real opportunity to train as zero-shot metal workers. Training starts June 30, 1952, and lasts six weeks. You are paid while you learn and steady work is promised after training. For full particulars, see your National Employment Service of the Unemployment Insurance Commission.

Attention of all employers and any who need workers. Fine types of school students are now available for employment. Call your National Employment Service (27191) of the Unemployment Insurance Commission.

## \$1 for BRIGHT SAYINGS

The Editor will pay \$1.00 for each child's saying printed. To qualify, items must be true, original remarks of a child known to the writer. Address "Bright Sayings," P.O. Box 4568, South Edmonton.

Our two-year-old son was looking at your newspaper the other day, when he saw a picture of a convertible car, with some people in it. He remarked "That's a funny car, everybody's sticking out."

MRS. R. SCHAFER,  
R.R.5, Edmonton.

When we were driving to town one day, my little sister saw a black and white cow by the road. She asked what kind of a cow it was, and we told her that it was a Holstein cow. She said, "Our dog is black and white, so he must be a Holstein dog."

CONNIE SCHLECKER,  
Stony Plain.

## \$14 MILLION SAID LOST FROM CATTLE EMBARGOS

EDMONTON—Provincial agricultural officials said Alberta cattlemen lost an estimated \$14,000,000 during the first four months of this year on cattle exports alone due to international and interprovincial livestock embargos.

Based on a conservative estimate of \$300 per animal, the value of cattle exported until the end of April this year was \$8,277,000, compared with \$22,242,000 in the same period last year.

Number of cattle exported between Jan. 1 and April 30 this year was 27,520 head, compared with 74,140 head during the same period in 1951.

Marketing of cattle and calves between Jan. 1 and May 12, 1952, showed a sharp drop in comparison with the previous year, but

marketing of sheep, lambs and hogs increased.

Part of the loss in export sales was due to the fact that most Alberta farmers were unable to have their animals ready for market early in the year. With imposition of trade embargos, shipments to British Columbia, eastern Canada and the United States were shut off.

### Insufficient Time For Language, Religion

QUEBEC—The third French Language Congress was told Thursday how the 522,000 French-speaking Canadians west of Quebec are making out and the general opinion was that they suffered more from lack of French-language edu-

cation than their cousins in New England.

The reason appeared to be that the Western Canadian "Habitant" was widely dispersed.

The French population in the prairie provinces was estimated at: Manitoba, 52,000; Saskatchewan 52,000, and Alberta, 48,000.

In Alberta, the first two years of elementary education may be entirely in French, said Dr. L. P. Mousseau of Edmonton. From the third grade to the ninth, 30 minutes of French was allowed. There was one hour of religious teaching.

This is insufficient to give youth a training in language and religion, Dr. Mousseau said.

Mr. Mousseau said Alberta's 1941 population of 726,169 included 191,343 Catholics and 42,979 French-speaking residents. There probably were 48,000 French-speaking persons now in Alberta.

"Anglicizing" had developed particularly in the southern sections of the province.

### No Baloney

LAPEER, Mich.—Norman Carter, local food mart operator, started home in a hurry with a package of sausage in one hand and the day's cash receipts in the other.

When he got home he had the money but no sausage.

Supper had to wait until he got cashier Arthur Williams to open up the First National Bank and retrieve the meat from the night deposit chute.

FOND DU LAC, Wis.—Charles Slater, 63, and Mrs. Jennie Schussman, 75, paid their fines for being drunk. "Aren't you old enough to know better?" the judge asked the elderly woman. "Yes, I guess so," she replied, "but it was our first date."

### Dr. Stewart Speaks To Brandon Class

BRANDON, Man.—Dr. Andrew Stewart, president of the University of Alberta, last week warned the graduating class of Brandon College against the danger of seeking an escape to the simple life.

The law of the universe was increasing diversity and complexity. The challenge to greater living is to discover harmony in diversity, he said.

Dr. Stewart spoke at the 40th annual commencement exercises of Brandon College. Thirty-two students received degrees in arts and science.

The class created a record for the college when eight students won 12 college medals and one of their number won three university gold medals.

Vancouver, with 102, has the most hotels of any Canadian city.

## LETTERS TO LOUISA

Dear Louisa  
I hear so many women complaining about their husbands wanting to stay home all of the time. Because a man wants to come home at night and rest after a hard day's work, they seem to think it is awful.

Well, I just want to say that a husband like that, would suit me fine and that if some of these complaining women had a husband like mine who wants to be going some where all the time, they would get mighty tired of it.

No matter how strenuous the day has been, or if we are half-sick, Dick has his bright idea every night of stepping out somewhere or running over to see somebody.

If I finally persuade him to stay home, he looks so restless and jittery that it gets me all upset.

Oh, for a husband who would be satisfied to stay home and read the paper or listen to the radio every night!

R. L. B.

Answer:  
Isn't it funny how hard it is to please people? Some women weep because their husbands never take them anywhere and here is one who is bemoaning the fact that her husband wants to be going somewhere all the time.

I wonder why these women don't find out something about their husband's tastes before they were married. Because, if the woman who like to run around had married the man who like the same thing, and vice versa, everything would have been just lovely.

Compatibility is one of the greatest factors towards making a success of married life. It is so much easier to get on with someone who likes the same things that we like. For we all desire companionship and if we dance, play golf, play bridge, or swim, it is much nicer to do so with our own husband or wife than with someone else.

However, if we have married a person whose likes and desires are not ours, it would be a good idea for us to compromise. The husband who wants to be a playboy will

perhaps agree to stay home half the time if his stay-at-home wife will go with him the other half and be agreeable and enthusiastic about it when she does go.

The stay-at-home husband can be persuaded, no doubt, to go somewhere one or two nights of the week if his wife will let him rest in peace by his beloved radio the rest of the time.

Yours,  
LOUISA.

## Farmers Told Not To Grow "Fort" Barley

The Barley Improvement Institute has issued a warning to western farmers not to grow the new variety "Fort" barley recently licensed by the federal department of agriculture. The Institute supervises the National Barley Contest sponsored by the brewing and malting industries.

The Institute says "Fort" is not a malting barley. Fears are expressed its production even on a limited scale may jeopardize the high standard of premium malting grades which with co-operation of producers it has done so much in recent years to build up.

The new variety "Fort" was originated by the Cereal Division of the federal department of agriculture. Barley experts admit it has the merit of being strong-strawed and yields well above average in the Maritimes. But it is not suited, the Institute stresses, to the drier areas and should not be grown in western Ontario or in western Canada.

The Manitoba department of agriculture, Manitoba Pool Elevators, two malting companies, two Winnipeg grain exporting firms, and the Line Elevators Farm Service have joined with the Institute in asking Hon. James Gardiner to exercise his authority and cancel the license. As a result the Institute has listed seven reasons why western farmers should not grow it. They are:

1. "Fort" is of much lower malting quality than the present standard varieties O.A.C. 21 and Montcalm.
2. When threshed it can't be distinguished from Montcalm.
3. If grown in Canada it will get mixed with the good malting varieties, and thus reduce the quality.
4. The American market, just beginning to recognize high quality of Canadian blue barley, may be lost.
5. If licensed, it can't be segregated to any area in Canada, and being a new variety it may be exploited in the good barley areas.
6. In Ontario and Quebec where it is said to be well adapted agronomically, it would destroy the 2,000,000 bushel malting market.
7. Admitting it would be better agronomically in the Maritimes, this area produces only 1.2 per cent of the Prairie's about 87.5 per cent.

## ALBERTA BOY WINS MEDAL FOR SAVING GIRL'S LIFE

Robert Byron Wardle of Tilley, Alberta, 16-year-old Red Cross Swimming and Water Safety Instructor, has been awarded the first Mountbatten Medal of the Royal Life Saving Society for the rescue of 2½-year-old Frances Burchack from a cistern at Tilley last Aug. 10. He is a lifeguard at the Brooks Swimming Pool.

The medal, first of a series presented by the Earl Mountbatten of Burma, is given the award holder, who makes the best rescue of the year who has not been otherwise signally honored. Only one medal is awarded each year. Earl Mountbatten is president of the Royal Life Saving Society.

The award itself, which bears on one side in relief Earl Mountbatten's coat of arms, and on the reverse side an inscription and a space for engraving the name of the recipient, will be presented later this date as yet unannounced.

Wardle's citation reads as follows:

"Frances Burchack of Vulcan, Alberta, aged two years, whilst playing with her brother, aged four, accidentally fell into a cistern located in the rear of some premises belonging to her relatives. The postmaster was immediately informed of the accident, and a ladder put out way down the cistern, when Robert Wardle, a Boy Scout aged 16, and a holder of the Society's Bronze Medallion, ran from a nearby garage and shouted for the ladder to be pulled out.

"Owing to the manhole entrance being only eighteen inches square, difficulty was encountered, but Wardle, divesting himself of shoes and shirt, entered through the small hole and swam to the bottom a distance of ten feet.

"Lack of light, the coldness of water, boards, a nail keg, and other refuse thrown into the cistern by children; hampered the rescuer, but he was able to bring her up and pass her out through the small manhole, which was three feet from the surface of the water. The diameter of the cistern was only five feet, which greatly hampered movement.

"The victim had been in the water for ten minutes or more.

and when brought to the surface, it was found that breathing had stopped and the patient looked blue. Artificial respiration was immediately applied and in due course the patient recovered, but did not regain consciousness for some four hours and was detained in hospital for two days."

Earl Mountbatten has expressed his regrets that it is not possible for him to present the medal to Wardle, but has asked that his warmest congratulations and praise be conveyed to the recipient who effected so brave a rescue.

Wardle is the son of Mr. and Mrs. Joseph Wardle of Tilley and a student in Grade X. Born in Medicine Hat, he learned to swim when he was five years old. He learned water safety, which includes the application of artificial respiration, at the Red Cross aquatic school held last July in Lethbridge.

In speaking of Wardle's award, R. C. Bishop of Edmonton, director of Red Cross swimming and water safety in Alberta, said, "Frances Burchack, who was saved by Wardle in this incident, is only one of the many potential victims of death by drowning in Alberta who have been saved by action on the part of water safety instructors trained by the Canadian Red Cross Society.

"Many of the drownings which are sure to occur this year and in the future in Alberta could well be averted if organizations and municipalities which plan on conducting any type of aquatic program would have some person such as Robert Wardle attend an aquatic school conducted by the Canadian Red Cross Society in one of the many regional schools which are held each year in the province.

"The Red Cross Society stands ready to help in saving lives by training persons, selected by organizations and municipalities, as swimming and water safety instructors."

## Beautiful Baby

THIS cute little fellow is the one-year-old son of Mr. and Mrs. J. J. Coxford of Mannville.

## Increased Coyote Activity Reported

Renewed interest in Alberta's province-wide campaign for the control of coyotes is reported by W. Lobay, Supervisor of Crop Protection. Three new control areas have recently been established, making a total of 57 now in operation.

Farmers are now reporting more coyote activity than has been in evidence during the past three months, and some of them are becoming concerned about the safety of their sheep and poultry. In these cases, Mr. Lobay advises the resetting of cyanide guns that may have been removed earlier this year. In some cases the effectiveness of the lure may have deteriorated, he says, and pest control officers should be approached for fresh supplies.

The use of coyote pellets has

## \$1 for Favorite RECIPE

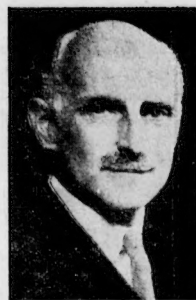

### Ham and Egg Pie

Pastry for two crusts  
One-half pound diced cooked ham  
One medium-sized onion, diced  
Cooking time: Five minutes  
Four eggs, beaten  
One-half teaspoon salt  
One-eighth teaspoon pepper  
Oven temperature: 375 deg. F.  
Baking time: Fifty minutes  
Servings: Four, or more

Line a pie plate (9 in.) with pastry. Sauté the ham and onion in a greased skillet and place in the pastry. Pour the beaten eggs, salt, and pepper over the ham. Cover with the top crust, making a vent in the centre to let the steam escape. Bake in a moderately hot oven until the crust is brown.

To Mrs. A. M. Spofforth, Seattle, Washington, goes this week's award. Send your recipe to the Favorite Recipe Editor, P.O. Box 4368, South Edmonton. It may win the \$1.00 weekly award!

proved very effective during the past winter, and loss of sheep in some areas has been eliminated entirely. There is no district in the Province in which similar results cannot be attained if a little more care is exercised in putting out the guns in the proper places, Mr. Lobay says.

LONDON MAN NAMED PRESIDENT. Lt.-Col. Robert Ellis Key of London, England, who was named President of The Mother Church, The First Church of Christ, Scientist, in Boston at its annual meeting attended by Christian Scientists from all over the world, in Boston, Mass., U.S.A.

### DIES UNDER TRACTOR

DERWENT—(RUP)—A 51 year-old farmer, Dymtro Chyku liak, was killed when the tractor he was driving overturned near his home in the Derwent district, 12 miles east of Edmonton. The RCMP said the farmer was crushed beneath the vehicle.

Canadian manufacturers made 5.8 cents profits on each dollar of sales in 1951, down from 7.1 cents in 1950.

## Fugitive From Broadway

**VIVIAN BLAINE** deserted the sensational Broadway musical smash, "Guys and Dolls," for a time to play a singing and dancing role in the M-G-M Technicolor musical, "Skirts Ahoy!" which also stars Esther Williams. Of course, it's about those Navy gals, the Waves.

## Alcomdale Activity Past And Future

On June 27 a dance sponsored by the Alcomdale Baseball Club was held in the Alcomdale hall. It was a grand success and, to top it off, the club received a donation of \$100 from Mr. Tom Logan of the Egg Lake Coal Co. A pair of auto blankets were raffled and Mr. Howard Munro was the lucky man.

A picnic and dance will be held at Alcomdale July 9. Following are the conveners: Supper, Mrs. T. J. Harrington; gate, Mr. E. Elliott; booth, Mrs. E. Elliott, Mrs. N. Byer; hot dogs, Mrs. E. Whitson; concessions, Mr. A. Friederich, Mr. Bob McDonald, Mr. N. Byer and Mr. Joe Elliott; ball games, Mr. A. Mills, Mr. D. Rye; races, Mr. P. Hermant, Mr. T. D. Cunningham; door for supper, Mr. A. Gill, Mr. E. Elliott; door for dance, Mr. Ted Rinas and Mr. P. Hermant.

Mr. and Mrs. C. A. Ferguson left on a six week trip. They travelled by bus to Windsor to purchase a new car. From there to Sarnia to take part in the annual Ferguson picnic and to visit Mr. Ferguson's uncle; then on to Spencer, Iowa, where Mr. Ferguson's mother resides. They will also visit Mr. and Mrs. Tumney, the former Rosemary Martin of this district. Mr. Louis Magill is in charge of the Ferguson farm in their absence.

Mr. and Mrs. S. L. Whitson are holidaying at Banff for a week.

Miss Doris Hermant, who has been attending St. Mary's High, is at home for the summer vacation.

Mr. Arthur Bailey, who has been ill in a city hospital, has returned home.

Mr. and Mrs. Dacarme spent a few days in the city visiting their sons, Bill and Jack Ducarme.

Mr. Tom Logan has sold his interest in the Egg Lake coal mine.

Scholarship pins were awarded

to the following students: Grade VIII, Hedy Mollenkopf; Grade VII, Doreen Mills; Grade VI, Barbara Gill; Grade V, Beatrice Lovelock; Grade IV, Sandra Mills; Grade III, Jimmie Cox; Grade II, Billie Byer; Grade I, Duff Benson. Silver dollars to the following for perfect attendance: Sally Kostew, Beatrice Lovelock, Fred Lovelock and Richard Lovelock; silver dollars for neat notebooks in Social Studies: Grade VIII, Marion Mills; Grades V and VI, Rosie Komcar.

## Ladies Entertain Husbands

**ST. ALBERT.** The members of the Women's Institute entertained their husbands and friends at an outdoor party at the home of Dr. and Mrs. Cuts.

Volleyball was played and square dancing out on the lawn was enjoyed, after which a huge bonfire was lit and wieners, doughnuts, marshmallows were roasted by each and everyone, topped by good hot coffee.

A sing-song around the fire brought the most delightful evening to a close.

The Air Force has discovered that it is too costly to produce rain by sprinkling dry ice on clouds. It's cheaper just to have the Weather Bureau predict a nice day.—Brubaker in The New Yorker.

## Legal Couple Wed 50 Years

**LEGAL.**—Last Monday morning, June 30, the members of the family Laframboise were reunited in the St. Emile Church of Legal, where a special mass was sung by the Rt. Rev. Mr. Tessier of Morinville to commemorate the fiftieth anniversary of the marriage of Mr. and Mrs. Jos. Laframboise, who have been residents of this parish for over forty years. Congratulations to the jubilarians and our best wishes for more years of good health and happiness.

Also last Monday morning Rev. Father Jacob blessed the marriage of Donald Fraser of Westlock and Therese Teulie of Legal in the St. Emile's Church. Once more a great number of parents and friends gathered for the solemnization of the marriage and the nuptial celebration. Congratulations to the newlyweds and best wishes for prosperity and happiness.

Another marriage took place last in the St. Emile's Church of Legal on Tuesday morning, July 1st, between Mrs. Marguerite Demers of this parish and Mr. Joseph Magnan of Beaumont, Rev.

## Vimy News Briefs

Mr. Albert Baert left Sunday, June 29, at midnight for a trip to the east. He will return with a new car.

Mr. and Mrs. Albert Fortier have returned from their trip to Jasper along with other members of the International Harvester Co. These agents will be the winners of a contest "Prove to Yourself" tractor sale.

Mr. and Mrs. E. Laplante and their family left Monday for their vacation in Bonnyville.

Mr. and Mrs. Nap Carriere have spent some time holidaying at Alberta Beach.

Mrs. T. St. Arnaud recently left for a trip to Vancouver.

Mr. and Mrs. Albert Baert are flying down east, and will return with a new car.

Mr. Laurent Fortier underwent a serious operation at the General Hospital on Friday.

Born to Mr. and Mrs. Wilfrid Provencal, twins, two boys, on June 30.

Mr. and Mrs. Donat Labby are the proud parents of a baby boy.

Mr. and Mrs. R. Bourque are also the proud parents of a baby boy.

Miss Marie A. Bonnet, teacher of grades 8 and 9, left for her home at Route St. Pierre, Saskatchewan.

Mr. Jack Dusseault had the misfortune of burning his hand and part of his face in an explosion on his farm.

Father Jacob officiated at the wedding ceremony. The members of the family and friends gathered then at the home of Mr. Magnan at Beaumont for the reception. The bride and groom took the train in the afternoon for a trip down east. Congratulations to Mr. and Mrs. Magnan and best wishes for a happy trip.

Mr. Robert Couture of this parish, teacher of grade 8, is leaving for the east this week to meet his future wife, Miss Hickey, who has arrived at Montreal from Secheyles. The marriage will take place in Montreal some time in July. Best wishes to Mr. Couture and a happy return with his wife.

Mr. and Mrs. Frank Rivard are also to leave this week for a trip across Canada and to the United States. Best wishes for a pleasant trip.

The construction of new sidewalks in the town of Legal is nearly completed. The main street has been re-levelled and it is hoped it will be covered soon with a good bed of gravel.

Mr. Armand Demers of this parish was taken to the University Hospital a few weeks ago for a serious operation. His condition is gradually improving and it is hoped that he will be back home soon.

Father Langevin left for St. Vincent last Saturday, June 28, where he will assist in the ordination of the Rev. Joseph St. Arnaud of the same parish. He will also visit his own parents there, and expects to be home by July 13.

Parishioners and friends of surrounding parishes are extended a sincere thank you for their generosity at the picnic held Sunday.
